

**EMPORIO ARMANI JEWELRY SUMMER COLLECTION
EYES ON THE WORLD**

The Emporio Armani Summer jewelry collection features ancient and global symbols of protection and power, captured in pieces that are modern and timeless at the same time.

Inspired by symbols of luck and protection, the eye charm adorns this youthful collection of necklaces, bracelets and rings: the “evil eye”, a symbol that is recognized worldwide as a protective talisman, adds appeal and style to any outfit. Offset by brilliant rose gold-tone stainless steel, the radiant lapis lazuli stone and soft mother-of-pearl details make these accessories one-of-a-kind. Perfect for any occasion, you can style these pieces individually or layer together.

The Emporio Armani jewelry collection will be available in stores and online at Armani.com from April 2018.
