

EMPORIO ARMANI OFFERS CONTEMPORARY UPDATES TO ITS COLLECTION FOR SUMMER

Emporio Armani welcomes summer with masculine styles for him and feminine styles for her. For him a sporty look and feel with grey or white patterned dials create a stylish option. For her, soft colors create the collections with lilac, pink and silver tones.

LOGO PATTERN COLLECTION

For summer, the men's collection includes two distinctive styles featuring a repeated eagle logo pattern. One style includes a black IP case, white logo pattern dial and black rubberized leather strap. The other is highlighted by a grey logo pattern dial, stainless-steel case and versatile 3-link bracelet.

MESHALLIC COLLECTION

Two best-selling platforms return for summer in feminine style. One watch features a pink IP case, shimmering, metallic mesh bracelet and stunning pink sunray dial. With a silver metallized leather strap, matte silver dial and clear acetate case, the second style is light and versatile for the season.

The Emporio Armani Summer 2018 Watch Collection will be available in Armani stores, online at www.arnani.com and from selected retailers worldwide from April 2018.
